LANGUAGES

Bangla	Native
English	Working Proficiency

STRENGTHS

- Fast learner & adaptable
- Teamwork & collaboration
- Analytical problem solving
- Communication & debugging
- Time management
- Clean & modular code

PROFESSIONAL SUMMARY

Aspiring Full Stack Web Developer with strong foundations in React, Next.js, TypeScript, Tailwind CSS, Node.js, and MongoDB. Passionate about building responsive, accessible, high-performance web applications and continuously learning modern technologies to deliver clean, maintainable user-centric digital products.

TECHNICAL SKILLS

Frontend	HTML5, CSS3, JavaScript (ES6+), TypeScript, Responsive Design, Tailwind CSS, DaisyUI, React, Next.js
Backend	Node.js, Express.js, REST API, Authentication (Better-Auth, JWT), CRUD Architecture
Database	MongoDB, Mongoose, PostgreSQL (Basics)
Tools	Git, GitHub, VS Code, npm, Vite, Postman, Chrome DevTools
Deployment	Vercel, Netlify, Render
Concepts	Async/Await, Fetch API, State Management (Context API), Modular Architecture, Basic DSA, Problem Solving

FEATURED PROJECTS

Developer Portfolio & Personal Showcase

Live Demo • GitHub

Tech Stack: React, Tailwind CSS, JavaScript (ES6+), React Router, Vite

- Designed and developed a fully responsive web application with active section scroll-spy and responsive mobile navigation.
- Built dynamic routing for individual project deep-dives and an ATS-friendly printable resume view with zero dependency bloat.
- Implemented rich glassmorphic aesthetic with custom purple gradient theme, dynamic floating badge animations, and responsive layouts.

Bazar Dor – Daily Commodity Price Tracker

Live Demo • GitHub

Tech Stack: Next.js, React, TypeScript, Tailwind CSS, DaisyUI, MongoDB, Better-Auth

- Engineered a daily commodity price tracker for Bangladesh markets featuring real-time fluctuation indicators and percentage changes.
- Implemented secure multi-provider authentication (Google, GitHub, email/password) via Better-Auth with duplicate account conflict resolution.
- Built dynamic product catalog pages calculating minimum, maximum, and average rates across regional markets with multi-parameter sorting.

FitLog – Focused Gym Companion & Planner

Live Demo • GitHub

Tech Stack: Next.js, React, TypeScript, Tailwind CSS, React Context API, Fetch API

- Built a focused workout tracker allowing users to browse exercise libraries, view technical specifications, and manage daily training splits.
- Architected global state management with Context API to dynamically synchronize "Today's Plan", "Save for Later", and live navbar badge counters.

- Developed an active metrics dashboard calculating combined workout duration and estimated calorie burn with custom sorting by Duration, Calories, or Rating.

EDUCATION

2nd Year Undergraduate, Marketing 2025 – Present
Govt. BL College, Khulna, Bangladesh
Coursework: Principles of Marketing, Consumer Behavior, Market Research & Analysis, Brand Management.

Higher Secondary Certificate (HSC) – Science 2022 – 2024
Bangladesh Noubahini School & College, Khulna • GPA: 4.83 / 5.00

Secondary School Certificate (SSC) – Science 2020 – 2022
Bangladesh Noubahini School & College, Khulna • GPA: 5.00 / 5.00

CERTIFICATIONS & TRAINING

AI-Driven Full Stack Web Engineering (MERN) 2026 (Ongoing)
Programming Hero
TypeScript, React, Tailwind CSS, Node.js, Next.js, and MongoDB.

Professional Front-End Web Engineering 2025
NonAcademy-Batch Alpha 1.0.
Semantic HTML5, Modern CSS Grid/Flexbox, React, and Accessible UI standards.

Open for Frontend / Full-Stack Roles
